- NOTES: ¹ For 5 or more dwellings or if the floor area of a dwelling exceeds 300m² or flats over three storeys, the charge will be individually determined.
- ² All the above charges are on the basis that any controlled electrical work is carried out by a person who is a member of a registered Competent Person Scheme, if this is not the case an additional charge will apply based upon a basic inspection charge per dwelling of £215.00 including VAT (account will be given to repetitive work and a discount may be applied).
- ³ The amount of the plan charge is based on the number of dwellings contained in the application.
- ⁴ The inspection charge is based on the total units in the project.
- ⁵ Unless otherwise agreed, schemes exceeding one year in duration may be subject to an additional charge.
- ⁶ For larger building projects the Council may agree to fees being paid by instalments. Please contact your local Pennine Lancashire Building Control office for further details.

SCALE OF CHARGES NOTES:

- ¹ Where a '**Full Plans**' application is made, in most cases a plan charge is payable at the time of application and an invoice for the inspection charge will be sent following the first inspection on site.
- ² For a '**Regularisation**' application (related to unauthorised work) fees are individually determined but will be subject to a minimum of 150% of the associated net charge(s). No VAT is payable on a Regularisation Charge.
- ³ Charges in **Table E** are based upon an estimated cost, which means a reasonable estimate (excluding vat) that would be charged for carrying out all the work, by a professional contractor. No reductions are made for DIY proposals.
- ⁴ When it is intended to carry out **additional work** on a dwelling at the same time as any work in **Table B**, then the charge for this additional work may be discounted by 50%, subject to a maximum estimated cost of £20,000
- ⁵ When it is intended to carry out **more than one extension** to a dwelling, the areas of the extensions may be aggregated in determining a total internal floor area to which the fee may then be applied. Please note the area of loft conversions or garage conversions may not be aggregated. However, a 50% discount can be applied to the lowest build cost elements within schemes of multiple works.
- ⁶ For work that is an **electrical** installation only, such as rewiring, use **Table C**. All other installation work should be included in the overall charges.
- ⁷ For a "**Reversion**" application fees are individually determined. Please contact your local Pennine Lancashire Building Control office for further details.
- ⁸ For applications that are due to **start on site immediately**, both Plan Fee and Inspection Fee are payable when submitting the application. Please be advised that if you commence works prior to receiving Building Regulations approval, you do so at your own risk.
- ⁹ For current and active Local Authority Building Control Partnership customers fees will be individually determined.
- ¹⁰ Costs cannot be discounted across separate applications.

Explanatory notes

Building Regulation Applications

1. Before you build, extend or convert, you or your agent must advise your local authority either by submitting Full Plans or a Building Notice. The charges payable depends on the type of work, the number of dwellings in a building and the total floor area. The tables shown may be used in conjunction with the current scheme to calculate the charges. If you have difficulties calculating the charges, please consult Pennine Lancashire Building Control.
2. Charges are payable as follows:
 - 2.1 Should you submit Full Plans you will pay a plan charge at the time of submission to cover their passing or rejection.
 - 2.2 With Full Plans submissions, for most types of work, an inspection charge covering all necessary site visits will be payable following the first inspection.
 - 2.3 Should you submit a Building Notice, the appropriate Building Notice charge is payable at the time of submission and covers all necessary checks and site visits.
 - 2.4 Should you apply for a regularization certificate, in respect of unauthorised building work, commenced on or after 11 November 1985, you will pay a regularization charge to cover the cost of assessing your application and all inspection. The Regularisation application fee is individually determined, but will be subject to a minimum charge of 150% of the associated net charge(s). Please contact Pennine Lancashire Building Control.
 - 2.5 A "Reversion" charge – payable for building work in relation to a building:-
 - i. Which has been substantially completed before plans are first deposited with the Authority in accordance with Regulation 20(2) (a) (i) of the Approved Inspections Regulations, or
 - ii. In respect of which plans for further building work have been deposited with the Authority in accordance with the Regulation 20(3) of the Approved Inspections Regulations, on the first occasion on which those plans are or have been deposited.
 - 2.6 In certain cases the local authority may agree to charges being paid by instalments. Consult Pennine Lancashire Building control for details.
3. **Table A:** Charges for new houses. Applicable where the total internal floor area of each dwelling, excluding any garage or carport, does not exceed 300m² and the building has no more than three storeys, each basement level being counted as one storey. In any other case Table E applies.
4. **Table B:** Where work comprises of more than one domestic extension the total floor areas of all the extensions shown on the application may be added together to determine the relevant charge. If the extension(s) exceed 80m² or three storeys in height, then Table E applies (subject to a minimum total charge based on band £50,001 - £75,000).
5. **Table E:** Applicable to all other build work not covered by Tables A, B, C or D (excluding individually determined charges). Total estimated costs mean an estimate accepted by the local authority of a reasonable cost that would be charged by a person in business to carry out the work shown or described in the application, excluding VAT and any professional fees paid to an architect, engineer or surveyor etc. and also excluding land acquisition costs.
6. Exemptions / reductions in charges:
 - 6.1 Where plans have been either approved or rejected no further charge is payable on resubmission for substantially the same work.
 - 6.2 Relevant work is free of charge for a disabled person as set out in paragraph 4 of the Scheme for the Recovery of Building Regulation charges and associated matters. 'Disabled person' means a person who is within any of the descriptions of persons to whom Section 29(1) of the National Assistance Act 1948, as extended by virtue of Section 8(2) of the Mental Health Act 1959, applied but disregarding the amendments made by paragraph 11 of Schedule 13 to the Children Act 1989. The words in section 8(2) of the Mental Health Act 1959 which extend the meaning of disabled person in section 29(1) of the National Assistance Act 1948, are prospectively repealed by the National Health Service and Community Care Act 1990, section 66(2), Schedule 10, as from a day to be appointed.
7. The amount of charges payable depends on the type of work, the number of dwellings in a building and the total floor area. The tables shown may be used in conjunction with the current Scheme of Charges to calculate the charges. If you have any difficulties calculating the charges please consult your Local Authority Building Control office. With the exception of the regularization and demolition charges, all local authority Building Regulation charges are subject to VAT at the appropriate rate.
