

## Parental Plan/Proposal for Elective Home Education

Before completing this form, please read the **'Information for Parents'**

While you are not legally obliged to provide us with any information, we do encourage families to complete this form.

If you already have ideas or a plan for your child's education that you would like to discuss, please attach a copy.

The law defines education as 'suitable' if it primarily equips a child for life within the community of which he/she is a member, rather than the way of life in the country as a whole, as long as it does not foreclose the child's options in later life to adopt some other mode of living, and to be capable of living on an autonomous basis so far as he or she chooses to do so.

### Section 1: Reason for home education

We keep a record of the reasons given by parents for deciding to educate their child(ren) at home. This information is collated (without parents' and children's names) to help the Council plan support to schools and families as appropriate.
