Service area – Land Charges

The Land Charges register largely consists of data relating to land and property details only.

Very occasionally it may hold details of your name and address. This information is held in the public domain and can be viewed/shared with members of the public, personal search companies, solicitors and the Land Registry.

It is a statutory requirement under the Local Land Charges Act 1975 to hold this information on the Land Charges Register for certain charges.

The Council will not use this data for marketing purposes.
